Hi Don,

The Councilman has been taking the lead on this issue and is on the committee. I have worked in depth on this issue in the district. If you want to talk further on what is going on throughout the district, resources etc, give me a ring.

The first meeting took place on 6/18 http://www.lacity.org/city-government/elected-official-offices/city-council/council-and-committee-meetings/council. The next one is scheduled for some time in august but I do not believe it has been set. It is no longer and Ad Hoc committee and will be meeting twice monthly.

Bellow is everything the Councilman has done to take action on this issue, statements motions etc

I'm trying to reach out for some help in resolving some of our local issues. Much of it seems to be systemic dysfunction that has resulted in record numbers of homeless individuals. It seems like a legislative response / correction is needed. What's Mike think?
